E-009641/2014

Answer given by Mr Avramopoulos on behalf of the Commission

On 30 July 2014 the Commission addressed requests for additional measures to both Spain and the United Kingdom to be implemented without delay in order to reduce the waiting time at the border in question.

One of the measures requested from Spain was to optimise risk-based profiling and to adapt the checks carried out at the border accordingly. The Commission recently received a reply from Spain, which it will analyse before assessing the situation at this border again.
