

HM Government
of Gibraltar

PRESS RELEASE

No: 724/2024

Date: 1st November 2024

Tobacco Duty Increase

The Government has increased duty on cigarettes by 25p per packet.

The increase is part of the continued process of incentivising citizens to stop smoking and to ensure that Gibraltar is not attractive to those who would exploit the illicit market in this commodity.

The measure follows the many other steps already taken by the current administration to tighten up tobacco laws.
