Date: 2nd December 2025

Gibraltar Finance Centre partners with STEP Gibraltar to exhibit at major UK conference

The Gibraltar Finance Centre, in collaboration with STEP Gibraltar, proudly sponsored an exhibition stand at the STEP UK Tax, Trusts and Estates Conference, held in the City of London on 28 November 2025.

In total, the event hosted stands by 16 exhibitors and welcomed over 250 delegates. The conference provided valuable opportunities to network with industry professionals and showcase Gibraltar's jurisdictional strengths to a highly engaged audience.

The conference brought together leading experts and private client professionals for a full-day programme offering fresh insights into the key issues shaping modern estate and tax planning. Attendees benefited from keynote presentations, specialist sessions, and an engaging fireside chat with industry thought leaders.

The Gibraltar Finance Centre was represented by Kelly Lima and Mireille Dalli, who were joined by a number of professionals from Gibraltar's financial services industry. Throughout the day, the Gibraltar stand drew significant interest, with a constant stream of visitors keen to learn more about Gibraltar's financial services offering, regulatory environment, and opportunities for collaboration.

The Gibraltar Finance Centre looks forward to building on this momentum and continuing its close collaboration with STEP Gibraltar in future initiatives.

Minister for Justice, Trade and Industry, The Hon. Nigel Feetham KC MP, said "I am very pleased that the Gibraltar Finance Centre partnered with STEP Gibraltar to showcase our jurisdiction at the STEP UK Tax, Trusts and Estates Conference. This collaboration demonstrates how the Finance Centre Department can effectively support industry-led events, strengthening our collective presence and impact. I look forward to supporting further initiatives that promote Gibraltar's expertise on the international stage."
